Uniform Care

Special care should be given to each article. No other person, besides the Pantherette to whom the uniform was issued, should be wearing any piece of the uniform.

Rhinestone Items:

1. Turn inside out
2. Wash in cold water
3. Line dry

Boots:

Please keep these clean and polished. Since they are white, they can get dirty easily. Use regular white shoe polish from Wal-Mart, Target, etc. Mr. Clean Magic Erasers are also helpful for removing scuffs.

Sequin Field Dress:

1. Fill your kitchen sink with warm water and add a little bit of mild liquid detergent. Clear, organic detergent from Costco works well. The water should be bubbly but not too bubbly.
2. Turn the uniform inside out and soak it for about ten minutes.
3. Rinse it out and hang it to dry.
